(Updated as of 07/17/2017)

Article 10.2 Longevity
 "METRO shall compensate an employee with longevity increments as follows:
 5% of the base salary after ten (10) years of continuous service.
 An additional 5% of the base salary after fifteen (15) years of continuous service."

Calculation Method:
 Step 1: Calculate 5% of the Base (Base Step x 0.05)
 Step 2: Base Step + 5% of the Base (as calculated in Step 1) to calculate L (10 Years)
 Step 3: Base Step + 2 x 5% of the Base (as calculated in Step 1) to calculate LL (15 Years)

Example:
 Step 1: Base Rate = \$32.27; 5% of the Base Rate = \$32.27 x 0.05 = \$1.61
 Step 2: \$32.27 + \$1.61 = \$33.88 (6L)
 Step 3: \$32.27 + \$1.61 + \$1.61 = \$35.49 (6LL)

Date 9/22/17

Tentative Agreement

Article 10.1 Pay Rates
 Agree to pay scales as provided above.
